

CEDARS

HYBRID

MEETINGS

7 Cedars offers hybrid spaces and audio/visual technology that bring in-person and remote attendees together in a safe, welcoming, and convenient environment.

By offering hybrid gatherings, and the latest web conferencing technology, 7 Cedars has created an environment that allows for event planners and attendees to reach more people safely and effectively. Understanding and facilitating how best to utilize these benefits—to better serve your event—is what the 7 Cedars hybrid gatherings were designed to do.

When you use our conference spaces for any of your meeting needs, you will have access to a wide range of technologies to help you reach your intended participants with ease:

- Wireless/desktop/camera microphones
- Webcams and camcorders
- Projector and screen
- Access to DirecTV
- Tripods & camera accessories
- Speaker system
- Miscellaneous AV adapters

For additional questions and reserving your next conference, please reach our Sales team at 360.681.6762
